

Navigating MerchantLinQ

Welcome to MerchantLinQ! Let's get you up to speed on your new financing solution. Below you'll find everything you need to know to start navigating your platform homepage with confidence.

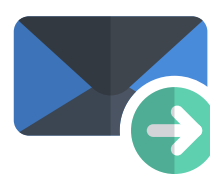

The MerchantLinQ Homepage

Good news! Everything you need is accessible right from the MerchantLinQ homepage. After logging in to your portal, you'll find eight site navigation options that lead to essential actions and information in the MerchantLinQ workflow.

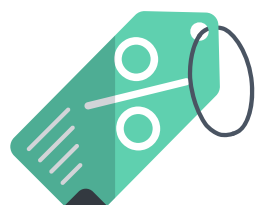

01 Pipeline

The Pipeline is your home for all loan applications. Here you'll find a quick snapshot of the status and details of each loan, as well as the ability to select the loans to view, manage, or finalize applications.

02 New Application

Navigate to the 'New Application' page to fill out a loan application with a customer. On this page you can also generate an application link, enabling your customers to apply on their own.

03 Manage Price Tags

On the 'Manage Price Tags' page, users can view, create, and print off price tags specific to their product and financing offerings. These price tags can include details like cost, rate option, funding type, and term to clearly and effectively communicate your financing options to customers.*

04 Manage Account

On the 'Manage Account' page you'll be able to add a new user or adjust permissions for your existing users. Here you can also add your logo, edit contact and funding information, configure webhooks, and more.

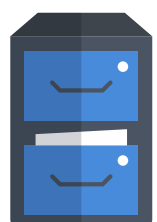

05 Support Contacts

On the 'Support Contacts' page, you'll find information on who to contact when you are experiencing platform issues or have questions. We'll assist you in deciding if you should contact your lender(s) or the LoanStar platform support team.

06 Create a Web-Link

On the 'Create a Web-Link' page, you can generate and add a loan application link to products on your website or generate a link to send a loan application to a prospective borrower.**

07 Resources

In the resources section, you'll find helpful content on the MerchantLinQ portal and how to market your financing offerings. Dive in and maximize the benefits of your point of transaction financing program!

We're committed to making it easy.

From the intuitive MerchantLinQ interface to our responsive, hands-on support, we prioritize merchant experience every step of the way.

If you have questions, feedback, or would simply like to talk more about your customer financing program, contact your Sales Representative or email merchantsales@loanstartech.com for personalized help.
